## The 'Alternative to Timber' Collection

The 'Alternative To Timber' door range is a traditional style door manufactured from Kömmerling O70 or C70 profiles with all the benefits of modern materials. Expertly handcrafted with mechanically jointed midrails and mullions to create an authentic wooden appearance. Kubu prepared - Exclusive to Choices.

**Standard door range shown below, but why not consider the personalised design opportunities available to you**

*Both sides only*

*Available both sides or on smooth white*

*Available on smooth white only*
