RESIDENCE 7®

CASE STUDY - R7 ECLECTIC GREY

Your R7

“Our chosen installer recommended Residence 7, we were impressed with the contemporary sleek and simple profile, the modern colour choice, the quality of the finish and the heat and sound insulation. Plus they perfectly match some existing grey aluminium bi-folds doors put in by the previous owners.

We're extremely happy with our R7 - they are smart, modern, streamlined and ooze quality.

Definitely the best investment we have made to the house. The windows have transformed the house externally, from looking dated, to now very on trend. Internally, they work with our modern colour scheme, as well as making our home warm and cosy.

We would absolutely recommend Residence 7 to a friend.”

“We're extremely happy- they're smart, modern, streamlined & ooze quality”
