

SCARBOROUGH COLLEGE CASE STUDY

R9

R9 Grade II Listed Building Approved

Scarborough College

This beautiful 14-acre site in the seaside town of Scarborough has been committed to the highest standards of education for over 100 years for children aged 3 - 18.

Specified for its authentic timber aesthetic, Residence 9 in the classic colour choice Grained White is the perfect fit for this Grade II Listed College building. Sympathetically restored whilst upgrading to superior acoustic, security and thermal performance, Residence 9 achieved one of the highest classifications of British Standard weather tests due to its robust design and far surpasses the British Building Regulation requirements.

The result is a heritage building restored to the highest standards, the Residence 9 timber alternative system compliments its rich history aesthetically whilst ensuring it remains looking clean and fresh and for years to come with virtually no maintenance.
